

# NITRO POWER

**MORE ENERGY!  
MENTAL CLARITY!  
STRONGER WORKOUT!  
FASTER RECOVERY!**

Athletic Dominance will occur within 30 minutes to an hour after taking NITRO POWER prior to an important event or intense workouts. Expect an immediate increase in power and speed to assist you in any athletic endeavor. The combination of super fixated nitrogen, L-Carnitine, minerals and B vitamins necessary for accelerated metabolism will speed the "krebs TCA cycle" to actually increase the production of ATP in the Mitochondria of the cells.

The result is explosive energy, mental clarity while improving positive protein balance for faster recovery after training. Mixed martial arts champions: Dan Bobish at 340 pounds, Dan "the Beast" Severn, Butterbean and Olympic hopefuls have tried this product and sworn by it because it is all natural while it gives them the fire power to be the best in the world.

We have access to reports of over 100 athletes exhibiting superior performance after just one or two capsules before their events. Olympic athletes and "Pro athletes" test safely and clean for competition. Those concerned about steroids can use this product and maintain that edge to be the best for any sport, cycling, fighting, football, basketball and weightlifting. Also take this product for an added natural boost before each workout. Beware of fake, inactive or weaker versions of nitrogen, since most require large quantities to get minimal effect. We assure up to 6 hours of high-energy fuel!
