⇒	Multiple Sclerosis	⇒	Muscle pains
⇒	Fibromyalgia	⇒	Hair loss
⇒	Diabetes	⇒	Depression
⇒	PMS	⇒	Anemic

Perfect Plus contains essential fatty acids, vitamins and antioxidants that are very important to sustain life. Perfect Plus is the most nutrient dense food in the world today. The **Perfect Plus** also reinforces the body to **lower cholesterol and blood pressure, control blood glucose, control diabetes types II and I, turns fat into energy, improves skin condition** and reinforces **anti aging**. It has been called "The most amazing anti-aging health discovery of the century!"

What perfect Plus does to help the body is scavenge free radicals. Free radicals are cells that take from healthy cells. When the free radicals take from the healthy cells it makes the healthy cells deformed. Studies show that this is one of the main causes of cancer. Perfect Plus contains the enzyme and antioxidants that turns **the free radicals into healthy cells** without damaging any of the healthy cells already there. The real astounding results of the Perfect Plus are the difference in how you feel.

ESSENTIAL INGREDIENTS AND HOW THEY HELP YOU

One of the important ingredients in Perfect Plus are the **105 antioxidants**. These anti oxidants are up to six thousand times more effective than Vitamin E. These anti oxidants are what make this product unequalled by any product on the market. The anti oxidants **attack the free radicals** preventing the degenerative diseases.

Perfect Plus is a powerful fortifier of the immune system. Our bodies need the **nine essential amino acids** that are not in our body. Perfect plus contains all nine of them. These amino acids are vital for producing red and white blood cells that promote healthy tissue growth and strengthen the immune system.

Biotin is also an ingredient in the **Perfect Plus** and has been proven to have the following benefits:

- | | | | |
|---|----------------------------|---|-------------------------------------|
| ⇒ | Reduce fatigue | ⇒ | Reduce hair loss |
| ⇒ | Relieve depression | ⇒ | Prevent anemia |
| ⇒ | Ease nausea | ⇒ | Alleviate eczema |
| ⇒ | Relieve muscle pain | ⇒ | Aid in the treatment of acne |

Another important ingredient is the IP-6 that is naturally occurring in the rice bran. IP-6 reinforces the body to control cancer so that the immune system can fight it. It has shown in recent studies to prevent cancer by boosting the immune system.

Lipoic Acid is another ingredient essential for healthy living found in **Perfect Plus**. **Lipoic acid** plays an important role in the Mitochondria, the energy producing structures in the cell. Lipoic Acid is the **key that unlocks the energy from food**. It **directs the calories into energy production and away from fat production**. Lipoic acid **protects and may even regenerate the nervous system**. Lipoic acid also protects the liver. We have Lipoic acid in our bodies but not enough to be healthy, and as we get older the production of it dramatically decreases so it is very important that we supplement it.

Also included in the **Perfect Plus** is **MSM**. **MSM** is biological sulfur that is necessary for healthy skin **hair and nails**. It helps with bringing oxygen to the muscles **reducing fatigue, muscle cramps, back pain**, and other physical ailments. It is a free radical scavenger reinforcing the body to prevent cancer.

Also **TMG** is included in the **Perfect Plus**. Reinforcing the body **TMG** can help with anything from alcoholism to diabetes. **TMG** (trimethylglycine) is derived naturally from the sugar beet. Research suggests that **TMG** works best to lower **homocystiene** levels and suggests that homocystiene is one of major contributors to heart attack and stroke. By keeping the homocystiene levels low it encourages the body to be and stay healthy.

HOW PERFECT PLUS FORTIFIES YOUR BODY

Perfect Plus can aid in the regulation of glucose levels in diabetes. It has not been proven to cure diabetes but has been proven to keep blood sugar levels under control, lowering the **LDL** (bad cholesterol) and increasing the **HDL** (good cholesterol).

Athletes take the Perfect Plus and have noticed a significant increase in muscle recovery time. Perfect Plus also helps with preventing muscle soreness. Perfect Plus also increases energy levels, stamina, and strength. Which is something that every person can benefit from.

Perfect Plus has also been found to significantly reduce high blood pressure and high cholesterol. Vitamin E has been linked to the reduction of heart attack risk but the seventy-four anti oxidants including tocotrienols have been found to be **six thousand times more effective**. Perfect Plus gets absorbed into the body quickly on a cellular level which plays a key part in the phenomenal results achieved by **Perfect Plus**. **High blood Pressure** and high cholesterol can lead to heart attack but the perfect plus distributes the quickly absorbed vitamins to the places they are needed most.

There are some side effects from taking the Perfect Plus: reduction of cravings for junk food and fillers that add weight without contributing to health. This can **result in weight loss from a healthier diet**.

Cancer kills 1,500 people a day. You probably know at least one person suffering right now. What if you could tell them that by taking 1 tablespoon of Perfect Plus a day could dramatically increase their chances of fighting cancer and **WINNING!** You also probably know a person that suffers from diabetes. By taking Perfect Plus they won't have to suffer anymore.
